

Statewide Portable Equipment Registration Program
FORM 7 - Modification to an Existing Registration
 (Auto-fill format. Use "Tab" or up/down arrows to enter information)

1. Company Name:	
2. Registration Number:	
3. Indicate How Registration is to be Modified (choose one)	
<div style="margin-bottom: 10px;"> <input type="checkbox"/> Change of Ownership (\$75) Fill out a form 1 (Company Information) </div> <div style="margin-bottom: 10px;"> Company Unit ID number (optional): _____ Describe the general use of the engine or equipment unit: _____ Home District Designation: _____ </div> <div style="margin-bottom: 10px;"> <input type="checkbox"/> Check this box if your company is a rental business <input type="checkbox"/> Check this box if the statewide registration sticker is intact and on engine or equipment unit <input type="checkbox"/> Check this box if the statewide registration sticker is NOT intact on engine or equipment unit </div> <p>Renewal Fees are required if the postmark date of the application is <u>within five months</u> of the current expiration date.</p> <div style="margin-bottom: 10px;"> <input type="checkbox"/> <u>Engines</u>: \$575 for renewal, inspection fees, and placard (if unit has placard, subtract \$5) or </div> <div style="margin-bottom: 10px;"> <input type="checkbox"/> <u>Equipment units</u>: \$305 for renewal, inspection fees, and placard (if unit has placard, subtract \$5) </div> <p>Proceed to Item 4 Below.</p>	
<div style="margin-bottom: 10px;"> <input type="checkbox"/> Identical Replacement (\$75) Fill out a form 1 (Company Information Page) </div> <p align="center">Note: An identical replacement is appropriate only for cases of mechanical breakdown of an engine or equipment unit.</p> <div style="margin-bottom: 10px;"> Serial number of the replacement engine or equipment unit: _____ Engine Family Name for the replacement engine: _____ Date engine/equipment unit was replaced: _____ Date of mechanical breakdown: _____ </div> <p>Attach documentation describing the mechanical breakdown.</p> <p>Proceed to Item 4 Below.</p>	
<div style="margin-bottom: 10px;"> <input type="checkbox"/> Modification to an Engine's or Equipment Unit's Configuration, Emission Control Equipment, or Operating Conditions (\$75) </div> <p>Explain changes to engine or equipment unit. Attach an emissions summary or design parameters if applicable.</p> <p>_____</p> <p>Proceed to Item 4 Below.</p>	
4. Printed Name of Company Responsible Party:	Title:
5. Signature of Company Responsible Party:	Date:

NOTE: This form is specifically for modifications to an existing registration. Use this form only if the engine or equipment unit has a current valid registration with the Air Resources Board.

Modification to an Existing Registration: *Please provide the following information:*

1. *Company Name* - Legal name on current registration
2. *Registration Number* - This is the unique number assigned to the engine or equipment unit and is listed on the Statewide Registration Program certificate.
3. *Indicate How Registration is to be Modified* - Check the box that best describes the action you wish:

Change of Ownership - Check this box if you have purchased an engine or equipment unit with an ARB registration. Attach **Form 1, General Information**, along with this **Form 7**. List the general use of the engine or equipment unit. Indicate the “home district” which is the one air pollution control or air quality management district in which this engine or equipment unit is most commonly operated. This district will be designated as your “home” district in which you will not have to notify. It is required that a home district be designated. Check the box if your company is a rental business. A *rental business* means a business where the principal use of its engines or equipment units is to temporarily rent or lease for profit, portable engines or equipment units to operators other than the owner(s) of the engine or equipment unit. Indicate if the sticker is intact and on the engine or equipment unit. The fee is \$75 per registered unit for a change of ownership. If the registration is within 5 months of the expiration date, please pay the upcoming renewal, inspection, and placard fees. Note that these are different depending on whether the registration is for an engine or an equipment unit.

Identical Replacement - Check this box if the existing engine or equipment unit is being replaced by an identical engine or equipment unit. **An identical replacement is appropriate only for cases of mechanical breakdown of an engine or equipment unit.** Attach **Form 1, General Information**, along with **Form 7**. Identical means the replacement engine or equipment unit differs only by serial number from the registered engine or equipment unit. You must notify us in writing within 5 calendar days of replacing the engine or equipment unit with an identical replacement. Notification shall include company name, responsible official, phone number, registration certificate number of the portable engine or equipment unit to be replaced; and make, model, rated brake horsepower, serial number of the identical replacement, description of the mechanical breakdown; and applicable fees. Remove the sticker from the engine or equipment unit and return the sticker with this form. The fee is \$75 per unit and you may operate the equipment after mailing this form to the ARB.

Modification to an Engine’s or Equipment Unit’s Configuration, Emission Control Equipment, or Operating Conditions - Describe the applicable changes and how the changes have affected the configuration and/or the emission control equipment. If necessary, attach appropriate manufacturers specifications or design parameters. The fee is \$75 per engine or equipment unit.

4. *Printed Name of Responsible Party* - Printed or typed name and official title of person signing and dating form.
5. *Signature of Responsible Party with Date* - Signature of responsible member of entity.
(Application will not be accepted unless signed and dated.)
